

HMMCCALL.COM

Computer Services

Reliable and affordable computer services without geek speak

HMMCCALL.COM offers computer services to upstate businesses, home offices, and individual users in the upstate of South Carolina. We strive to provide the best possible solutions to our customers needs with minimal or no downtime. We make 'house calls' or can pick up a 'sick' machine for bench work, and return it (usually) within one business day. We maintenance wireless and wired networks, email, and general use servers. We also custom build computers per customer specifications for optimum satisfaction.

Virus / Spy / Malware removal

Upgrade vs purchase comparisons
